# Dario Sanchez
UI/Front-end Engineer

*Portfolio:* darzyx.com
*Email:* dario.zyx@gmail.com
*Phone:* (661) 424-7600
*GitHub:* github.com/darzyx
*LinkedIn:* linkedin.com/in/darzyx

## Objective

Self-taught UI/front-end engineer that enjoys both programming and design challenges. I like building things that are functioning, usable, and visually appealing. Always eager to learn more.

## Experience

### HIRE AN ESQUIRE
*Software Engineer • Aug 2018 - Present*
- Primary tools: React / Redux
- Design, write, and debug aspects of web software.
- Evaluate code and advise the team through code review.
- Plan out basic UX / visual design of new features.

## Projects

### PORTFOLIO
*www.darzyx.com*
Collection of project demos and their respective source code. Original design. Built using React, SASS, and Photoshop.

### ANTELOPE VALLEY HAPPENINGS
*www.avhappenings.com*
Mockup SPA, PWA for sharing and discussing local events. Built using React, Redux, Semantic UI, and Firebase backend.

### HITECH LOWLIFE
*darzyx.github.io/HiTechLowlife*
Desktop sci-fi platformer game featuring a level of gameplay. It features open-source art and music. Built with Phaser engine.

### FAUX BLOCKCHAIN SERVICES
*darzyx.github.io/faux-blockchain-services*
Website design/mockup for an imaginary blockchain services company. Built using React, Styled Components.

### NEAR EARTH OBJECTS (NEOs)
*darzyx.github.io/near-earth-objects*
Displays live data from NASA API about near-earth objects in an appealing manner. Built with React, Redux, Bootstrap.

## Education

### UNIVERSITY OF CALIFORNIA, LOS ANGELES (UCLA)
*Physics, Bachelor of Arts • Class of 2017*

### ANTELOPE VALLEY COLLEGE (AVC)
*Physics and Mathematics, Associates • Class of 2014*

## Skills
